PROBLEM STATEMENTS

- Problem : Traditional paper or PDF resumes cannot effectively showcase skills, projects, and achievements
- Issue : Lack of interactivity, hard to update, difficult to share
- Need : A dynamic, attractive, and easily updatable digital portfolio platform for students, job seekers, freelancers, and professionals.
- Future Enhancements : AI-based resume building, analytics, and other advanced features.

PROJECT OVERVIEW

- “This digital portfolio provides a short introduction about me, details of the projects I have worked on, my skills, and my contact information. It highlights my personal achievements, talents, and important efforts in a clear and simple way.

WHO ARE THE END USER

- 1. This portfolio can be used by students, job seekers, freelancers, and professionals.

- 2. It helps them to showcase projects, skills, experiences, and achievements in a clear way.

- 3. In short, it acts as a simple digital space to present personal and professional growth.

TOOLS AND TECHNOLOGIES

1. Modern Solution – Traditional resumes lack interactivity; digital portfolio shows skills & projects dynamically

2. Tools & Features – Built with HTML, CSS, JS, includes profile, projects, customization, easy sharing.

3. Impact & Future – Helps students & professionals stand out; future scope with AI and Analysis.

PORTFOLIO DESIGN AND LAYOUT

Home / About Me → Basic intro, photo, short description

Projects → Showcase with images, links, descriptions
Skills → Technical + soft skills with progress bars/icons

•Contact → Form / email / social media links
Responsive Layout → Mobile + Desktop friendly.

FEATURES AND FUNCTIONALITY

Navigation Bar with Smooth Tools

Project Showcase with Images/Details

Interactive Elements (Hover Effects, Animations)

Contact Form (with Validation)

Responsive Design for All
